SPECTATORS GASP WHEN THE FIGURES ARE GIVEN

Five Hundred Dollars for Silk Stockings and $1,500 for Shoes Seemed Trivial to Mrs. Gould.

NEY YORK, June 12.—What appeared to be a hazy memory of Mrs. Katherine Clemmons Gould yesterday brought a rebuke from Supreme Court Justice Dowling, who is hearing her suit for separation against her husband, Howard Gould.

As uncertain as was the witness' memory at times, she did not fail to take advantage of that very fact, when occasion twice offered. Once she apologized for her inability to tell whether certain restaurant checks were hers or not, saying that she was interested in knowing "how her husband spent his money," and again when she could not tell whether a diamond pendant valued at $13,300 had been bought by her, or her husband "for another." Delancy Nicoll, Mr. Gould's counsel, protested vigorously against this insinuation and Justice Dowling, with some asperity, ordered it stricken from the record.

The amounts of assorted jewels, tailors', customers' and bootmakers' bills continue to make the spectators admitted to the court room gasp and stare. The articles purchased included the pearl rope which the witness wore yesterday, listed at $27,000; a diamond pendant at $13,300; a diamond chain at $22,000; a diamond diadem at $24,000, and a sapphire ring at $6,000. Such little things as $500 worth of silk stockings at a time, or $1,528 for shoes were trivial by comparison. Five tailor-made suits were ordered at a cost of $5,807.

Mrs. Gould identified a letter which passed between counsel for both sides. It was dated Nov. 23, 1907, and was addressed to Mr. Shearn. It went on to say that Mrs. Gould had run up $70,773.51 worth of bills in that year. Notice was given that responsibility for these bills would not be continued by the defendant. The alimony allowance of $25,000 was to be paid to Mrs. Gould in monthly installments.

With Buffalo Bill.

Delancy Nicoll questioned Mrs. Gould about the Blue Gap farm near Lynchburg and the witness said she paid $38,000 for it. After Mrs. Gould had told what she had taken from Castle Gould to the Lynchburg farm, Mr. Nicoll asked the witness her age, but the court excused her from answering that or from telling where she was born.

Mr. Nicoll asked the witness if she had ever traveled with a Wild West show. Mrs. Gould replied that she had traveled once with Miss Ada Cody and had accompanied the show to Naples, Rome and other European cities. She had seen a good deal of Col. Cody, as he was her manager and she had frequently to consult him, she said.

Mr. Nicoll next questioned Mrs. Gould about her residence in the St. Regis Hotel in New York in August, 1906. Mrs. Gould said she often had company in her rooms there for luncheon and dinner and that Dustin Farnum, the actor, had dined with her at the St. Regis.

Mrs. Gould said she met Mr. Farnum at Castle Gould in the fall of 1906. This happened when a conveyance in which Mrs. Gould was riding collided with a truck somewhere between New York and Jamaica. Replying to questions, Mrs. Gould said she did not go to a road house and have supper with Mr. Farnum after the collision, but after visiting Castle Gould they stopped at a road house in the Vanderbilt cup course and had some refreshments brought out to them, but did not enter the house.

Mrs. Gould said she could not recall whether she had anything to drink then, but declared that it would not have been unusual. With Mr. Farnum, Mrs. Gould said, she returned to the St. Regis Hotel about 11 o'clock that night and Mr. Farnum accompanied her to her appartments for a few minutes and then went to his own rooms.

MAY LOSE HIS ARM FROM SNAKE BITE

WHILE FISHING THE LAD PLACES HAND ON MOCCASIN.

From Saturday's Daily Sun:

Herman Moody, the young son of Wm. Moody of LaCrosse, may lose his arm as a result of being bitten by a moccasin while out with a crowd on a fishing trip near that place.

The young lad had placed his hand under a log, supposedly for the purpose of releasing his hook, when it was quickly nabbed by a large moccasin, which clung to his fingers until he was released by other parties present.

The snake was of the stump-tail variety and said to be among the most poisonous of the moccasin variety. At first it was not thought that the child had been seriously injured, but the physician who has been summoned states that it is a bad finger and may cause him to lose his arm.

It was several hours afterwards before medical attention was secured and on Thursday afternoon the swelling was reported to have gone up the arm as high as the shoulder which shows that the poison has spread in his blood.

The snake, which was about three feet in length, after being released was quickly killed. It is a mystery how the reptile could have injected the poison into the boy's finger while it was under the water, as it was while in this position that the first attack was made and remained clung to the finger for several moments afterward.

PARADING CONFEDERATES CHEER GENERAL GRANT

Aged Men Marching to Music of the 60's Stop to Greet Son of Their Former Foe.

MEMPHIS, Tenn., June 11.—A frenzied demonstration of welcome by the men in gray for the son of the man who led the armies in blue marked the final scene of the nineteenth reunion of the United Confederate Veterans. It took place during the parade. In the reviewing stand stood Gen. Frederick Dent Grant of the United States Army.

The first few divisions in line passed with only a limited number recognizing the son of the man who accepted the surrender of Lee. But finally, a cavalry division approached and its commanding officer, Gen. Tyler of Hickman, Ky., old and grizzled, peered steadily at Gen. Grant a moment. Then he turned in his saddle and yelled:

"Come on, you kids, here's Gen. Grant come to life again in his son."

Kisses Gen. Grant's Cheek.

With one of the old-time rebel yells, the division remnants of Forrest's cavalry charged upon the stand and jostled one another for an opportunity to shake the hand of the son of their old-time enemy. From that moment every gray clad veteran who could reach the stand rushed up to shake hands with Gen. Grant. The stocky army officer's cold gray eyes filled with tears and his shoulders shook with emotion as he murmured: "God bless you all, boys; God bless you," giving each a cordial hand grasp.

Battle-torn banners were grouped at his feet and waved over his head in salute. One old officer rode up to the stand, seized Gen. Grant's hand and kissed him on the cheek, exclaiming, "God bless you, boy. I fought your father, of whom you are the image, but he was a gallant, magnanimous foe, and I love his son."

More than one veteran was in tears as he saw the famous Federal chieftain's son so touched by the reception. It is doubtful if any other Northern man, even a President, ever received such an ovation as that which was spontaneously given to Gen. Grant by the Confederate veterans yesterday.

The parade over, the reunion practically was ended and veterans' special trains began to leave the city at 2 p. m.

The ball of sponsors, maids and matrons last night was the one big social event of the reunion. It was opened by the famous Southern Cross drill, and one thousand couples participated in the dance, despite the suffocating heat.

Heat Kills a Texas Veteran.

MEMPHIS, Tenn., June 11.—J. Duhig, an aged Confederate veteran and merchant of Dallas, Tex., overcome by heat, died at a local hospital yesterday afternoon.

Husband Takes Life of Man Who Stole Wife

A special to The Savannah News from Branford, Fla., near Fort White, under date of Thursday, says:

"C. M. Murphy, a wealthy contractor and planter, shot Paxton Carver, Murphy's overseer, at his farm at Burtinton, while the latter sat in the first-class coach of a passenger train as it stopped here at noon today. Carver was carried from the train to the depot platform, where he died twenty minutes later. He was shot through the body. Sheriff Rickerson of Live Oak, Fla., who was on the train, arrested Murphy.

"According to Murphy's story Carver and Mrs. Murphy eloped from the Burtinton farm yesterday afternoon. The husband learned of this, he said, and learned that Carver was returning to Burtinton from Live Oak to get some of his belongings which the hurry of the elopement caused him to leave there. Murphy met the train and killed Carver. Both men are well-known in this part of Florida and have relatives here. Carver was unmarried. A preliminary trial will be given Murphy tomorrow. He and Mrs. Murphy have several children. Murphy is well liked both here and at his home place."

Santa Rosa County to Vote on Liquor July 31

PENSACOLA, June 11.—A wet and dry election has been called for Santa Rosa county, adjoining this county, for July 31, and both the prohis and antis are preparing to wage a hard fight in the approaching campaign. Two years ago the county went dry by a majority of a few hundred votes, and although the wets contested the election in the courts they lost. Under the constitutional provision another election can be called within two years, provided one-third of the qualified voters of the county present such a petition to the board of county commissioners. This has been done and the board after an investigation has called a special election for July 31. Santa Rosa, of which Milton is the county seat, was the last county to go dry in West Florida, the prohibitionists starting in West Florida and making a clean sweep to Pensacola two years ago, this being the only county they lost. Santa Rosa is now the first to call for another vote on the proposition. Both wets and drys are claiming a victory already.

Victim of "Black Hand" Wrapped in Brown Paper

NEW YORK, June 12.—The dismembered body of a man with the head missing was found by the police here Thursday night neatly done up in two bundles of brown paper and black oiled cloth. The bundles had been left in the charge of a small boy by a stranger, who had promised him 5 cents to watch them till he came back. The bundles were taken to the nearest station house.

On the wrappings was written in letters of red three inches high: "Black Hand."

There were three stab wounds in the chest of the body, two of which would have been fatal.

OFF FOR THE MINES.

Duncan Jordan Was Sent to the State Camps Saturday.

Deputy Sheriff Bruton left Saturday with Duncan Jordan, the white man from High Springs who was convicted and sentenced to life imprisonment at the last session of court.

Jordan comes from a splendid family. He has always been engaged in some clerical calling, and the new duties that he will probably have to assume at the mines will prove a great hardship for a man of his years, especially in view of the above facts.

He is the first white man to receive this sentence in this county for a number of years, which means that for the remainder of his life he will be compelled to serve time unless the Board of Pardons should be prevailed upon to grant him liberty again.

Condemned Man Fought Desperately on Scaffold

FLORESVILLE, Tex., June 12.—Using as a weapon a metal spoon, sharpened to keen edge, Refugio Juarequea, sentenced to hang for criminal assault upon a 15-year-old girl, fought desperately on the platform of the scaffold to prevent the execution, and succeeded in stabbing Sheriff William Wright over the heart when he attempted to adjust the black cap. The blade, however, was deflected when it struck a bone and the wound is not considered necessarily serious.

When the man was subdued, the execution was proceeded with, a brother of the wounded officer acting in his stead.

The man protested his innocence to the end.

Former Gainesville Man Smashed Face of Another

ATLANTA, June 12.—A lively fight came yesterday afternoon as the aftermath of a trial in Justice Jackson's court. Sidney Tapp, a well-known lawyer and once candidate for President on the Liberal ticket, punched Joseph Schachter, proprietor of The Fashion, in the face. The fisticuff resulted from some unsought advice given Tapp by Schachter.

Sewing Machine Agent Is Dead From Shot in Temple

BARTOW, Fla., June 12.—Frank P. Gatlin, agent in this place for a sewing machine concern, ended his life at Eloise, near here, by shooting himself in the right temple. Financial troubles and poor health are believed to be the cause of the rash act.

VETERANS AGAIN NAMED GEN. EVANS COMMANDER

Texas Woman's Speech Starts Pandemonium---Mobile, Alabama, Gets the 1910 Reunion.

MEMPHIS, Tenn., June 10.—After re-electing Gen. Clement A. Evans commander-in-chief over his vigorous but futile protest, and selecting Mobile, Ala., as the next place of reunion, the United Confederate Veterans adjourned their business meeting last night on the heels of a very stormy session.

The big feature of the reunion, the parade of the veterans, will be held today and this parade will close the reunion of 1909. The only candidate for commander-in-chief placed in nomination was Gen. William M. Cabell, commander of the trans-Mississippi division.

Just before nominations were in order, Gen. Evans read an announcement to the convention, in which he declined re-election. He said he had served in every capacity, from the lowest to the highest and he felt that the highest honor in the Confederacy's gift should be passed from one ex-Confederate to another in turn.

Stormy Session is Held.

But the delegates disagreed with him and by a vote of 1,530 to 744 for Cabell, re-elected Gen. Evans to command. With tears streaming down his cheeks and shaking with emotion, the stately and aged soldier bowed to the commands of his comrades.

His election followed one of the stormiest sessions of the veterans which old-time delegates can recall. After Mobile, Houston, Nashville, Chattanooga and Oklahoma City had been put in nomination for the next reunion, someone began to introduce outside speakers. Sweltering in a temperature of over a hundred degrees the veteran delegates objected strongly and yelled vigorously for a vote. But the disorder was desultory.

Finally John W. Apperson, commander-in-chief of the United Sons of Confederate Veterans, secured the floor and introduced Congressman T. U. Sisson of Mississippi, as the spokesman of the Sons. Nearly everyone thought that Sisson was to spring a "dark horse" candidate for the next meeting place, but as it became evident that the young Congressman merely desired to make a speech the delegates became noisy and calls of "sit down" and "vote" were insistent. Sisson was game, however, and won out on a test of endurance.

He announced that he wished to repeat his speech in Congress, delivered in answer to Congressman Calderhead of Kansas, who charged that the Southern people were lazy. Sisson received some encouragement and some hisses, but he persevered. Finally, he concluded in a burst of eloquence, saying:

"The principles you fought for were right in '61 and are right today. You were not conquered then, you are not conquered now, and the greatest monument in your honor are the millions of pensions the Federal Government pays to the widows and orphans your valor made and the forty-six thousand graves in Arlington Cemetery which the Federal Government decorates each thirtieth of May. As long as these monuments are perpetuated to your honor, you need erect no others."

Sisson's speech was received with mingled cheers and hisses and many Confederates left the hall in disgust. Others crowded around him and swamped him with congratulations.

A Texas Woman's Speech.

Meantime, Mrs. Moore Murdock of Dallas, Tex., was endeavoring to be heard. She wanted to second the nomination of Houston, Tex., for the next reunion. She possesses a very masculine voice and manner of delivery and she soon quieted the assembly. The veterans listened in patience until she declared:

"We have lived as rebels, we are still rebels and we will die as rebels."

Then pandemonium broke loose. It was difficult to tell whether the majority favored her sentiments or opposed them. Cheers were mingled with cat calls and hisses and above all reverberated the ear-splitting "rebel yell."

Several other speakers were introduced, but no one heard their names, or what they said, until Governor Lackel of Oklahoma was introduced. Even he had a stormy greeting, which might be constructed one way or another. Finally, however, he tired out the crowd and made a diplomatic speech, inviting the convention to choose Oklahoma City for the 1910 reunion.

"You will find Confederate veterans in most of the offices of the State, from Supreme Court judges to constables," he said, "and you will find as hearty a welcome as you will find anywhere on God's earth."

Mobile Used Gumshoes.

Immediately after the Governor's speech the vote for the next reunion city began. Everyone picked Houston, Tex., as the winner, but Mobile seemed to have conducted a gumshoe campaign and it soon became evident that the Alabama city had won. She polled 1,284 votes with Houston second with 695. Oklahoma City, Nashville and Chattanooga received scattering votes. As soon as it became apparent that Mobile had won, there was a scramble to get into the band wagon and the choice was made unanimous. Gen. Evans' re-election likewise was made unanimous and the convention, forgotting its disagreements of an hour before, adjourned to the tune of "Dixie," the delegates cheering, laughing, crying and even hugging one another.

Men Past Fifty in Danger.

Men past middle life have found comfort and relief in Foley's Kidney Remedy, especially for enlarged prostate gland, which is very common among elderly men. L. E. Morris, Dexter, Ky., writes: "Up to a year ago my father suffered from kidney and bladder trouble and several physicians pronounced it enlargement of the prostate gland and advised an operation. On account of his age we were afraid he could not stand it and I recommended Foley's Kidney Remedy, and the first bottle relieved him, and after taking the second bottle he was no longer troubled with this complaint." J. W. McCollum & Co.

Will Resume Operations.

L. B. Shouse of Wilcox was among the visitors to the city Thursday. He states that the Wilcox Turpentine Company will again start their immense plant in operation sometime during the coming week. A great many repairs have been made to the machinery during the shut-down and it has all now been tested and is ready to run and give employment to a large number of men. They make all of their products from the dead pine, including old stumps that can be dug up.

"It cured me," or "It saved the life of my child," are the expressions you hear every day about Chamberlain's Colic, Cholera and Diarrhoea Remedy. This is true the world over where this valuable remedy has been introduced. No other medicine in use for diarrhoea or bowel complaints has received such general approval. The secret of the success of Chamberlain's Colic, Cholera and Diarrhoea Remedy is that it cures. Sold by all druggists.

Will Raise Stock.

A. U. Hilleary of Micanopy was a visitor to Gainesville Thursday. He states that the firm of Snyder & Company are making a pretty place out of the Powell plantation, recently purchased by them. In addition to the truck farm, they will stock part of the large plantation with cattle, which will prove aonther step in the direction of improving the stock of this State.

SUMMER SCHOOLS TO OPEN DURING JULY

ONLY VERY FEW HAVE SO FAR BEEN HEARD FROM.

In All the County Usually Run About Twenty Schools During Dull Months.

From Friday's Daily Sun:

The summer public schools of Alachua county will open about July 5th, so the reporter was informed by Superintendent Kelley on Wednesday. He stated that unless the supervisors and patrons got together on the subject and advise the board, there will be a smaller number in operation the coming summer than ever before.

There are always on an average of twenty schools taught in the county during the dull months, but up to the present time very few districts have signified their intention of securing them. Haynesworth, Thomas, Cow Creek, Spring Hill, Jennings Lake, Roadfield and Cherry Sink have been the only ones heard from up to the present time.

These schools are a great benefit to certain localities, as they are taught at a time when it is too hot for the children to assist with farm work and they can put in the time to good advantage. During the fall and winter months they are more or less required at their homes and are deprived from a portion of the school term unless they take advantage of it in the summer months.

In order for other districts to secure schools it is necessary for them to advise the board at once, that the proper action may be taken and good teachers secured.

He got the cake.

DO IT NOW

Gainesville People Should Not Wait Until It Is Too Late.

The appalling death-rate from kidney disease is due in most cases to the fact that the little kidney troubles are usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually into the grasp of diabetes, dropsy, Bright's Disease, gravel or some other serious form of kidney compaint.

If you suffer from backache, headaches, dizzy spells; if the kidney secretions are irregular of passage and unnatural in appearance, do not delay. Help the kidneys at once.

Doan's Kidney Pills are especially for kidney disorders—they cure where others fail. Over one hundred thousand people have recommended them. Here's a case at home:

Mrs. A. H. Leonard, 304 E. Liberty street, Gainesville, Fla., says: "I feel that from personal experience and that of several of my friends who have used Doan's Kidney Pills, I can endorse them very highly. Any person suffering from backache, headaches, chills, nervousness or any of the other symptoms arising from disordered kidneys, will make no mistake in giving Doan's Kidney Pills a trial. They always act quickly, cause no inconvenience and live up to the claim made for them."

MEETING ADJOURNS AFTER BUSY SESSION

PHARMACEUTICAL ASSOCIATION MEET NEXT IN JACKSONVILLE.

Highly Pleased With Entertainment Received by the Local Committee and Ladies.

From Friday's Daily Sun:

The third and last day's work of the State Pharmaceutical Association was called to order Thursday morning by the president, Wm. S. Oppenheimer of Tampa, and the board at once took up the regular routine business.

By special invitation, W. S. Elkins, president of the N. R. D. A., was present and delivered a short and very interesting address to the members on the good of the organization. The enthusiasm of its members, he stated, was becoming more noticeable in all sections and he was pleased to note the large number present at this meeting who were also members. The great good it is now doing the retail druggists of Florida is especially pleasing, and he strongly urged each and every one to become members.

With a feeling of great pleasure he referred to the manner in which the druggists were being entertained, not only by the local committee, but by the citizens, and stated that the manner in which the ladies had assisted in making their meeting a pleasant one was commendable and highly appreciated.

The association took up the matter of the Cox anti-narcotic bill and spoke very feelingly regarding its passage. By this bill, a druggist is not allowed to sell you paregoric, dovers powders, and numerous other household staple remedies without a prescription from a physician.

Jacksonville was selected by the association for its next regular meeting, which will occur on the second Wednesday in June, 1910, it being easily accessible owing to the schedules of the railways, which always favor it.

Gainesville was honored by the election of Dr. J. S. Bodiford as president and Dr. W. M. Johnson as secretary for the next term, the latter succeeding himself, having held this position for the past year.

Numerous resolutions were passed by the association, selecting the route over the L. & N., "South Atlantic Limited," to attend the National Association, the hospitable manner in which they had been entertained by the citizens of the city, and especially the manner in which the ladies had entertained them.

A prize was awarded Mrs. F. W. Zanders of Lake Helen, for the lady that had traveled the greatest distance to attend the meeting, and E. Berger was awarded the prize for the gentleman securing the largest number of applications to the association.

Dr. Coles of Miami received the prize awarded for the best paper prepared for the meeting, also the prize for having traveled the greatest distance to attend the meeting.

Mrs. S. M. Davis won the first and Miss Eula Clark second prize in the bridge whist game of the ladies on Thursday evening.

The afternoon session was taken up with minor business, after which the association adjourned sine die, and those remaining in the city were shown over Gainesville in automobiles.

Foley's Honey and Tar is especially recommended for chronic throat and lung troubles and many sufferers from bronchitis, asthma and consumption have found comfort and relief, by using Foley's Honey and Tar. J. W. McCollum & Co.

Approaching Marriage.

Cards are out announcing the approaching marriage of Miss Bessie May, daughter of Dr. and Mrs. J. L. Kelley, to Mr. Hervey Robinson Wilburn, on June 23rd, at the First Baptist church, this city, at 7:30 o'clock a. m.

Friends of the young couple are cordially invited to attend the ceremonies.

Chamberlain's Stomach and Liver Tablets will brace up the nerves, banish sick headache, prevent despondency and invigorate the whole system. Sold by all druggists.

A plunge in watered stock is not always refreshing.

Seems as if nothing can stop the downward trend of the Joyous Jax ball tossers in the percentage column.

The investor who buys stocks merely because they "look cheap" often has an opportunity to look that way himself, says The Wall Street Journal.

If executions continue at the present rate, "Hung in Jacksonville" will soon displace the slogan adopted by the board of trade relating to things made in the metropolis.

Some philosopher once said that beginning a thing is half the end. That is true when the beginning is right and made with resolution and purpose. Under such circumstances the course leads straight, if sometimes long, to the goal.

The following from The Inverness Chronicle is duly appreciated: "The Gainesville Sun claims an addition to its subscription list of over 1,000 since December, 1908. The only thing that surprises us is that there is a single man in Alachua county who can read, that does not take the paper."

The State press is unanimous in condemning the lynching of the negro at Tallahassee last Sunday. The man would have been legally hanged on the 11th of June, and the unlawful taking of his life was an outrage upon the State. If lynching is ever justifiable it is when the mob does its work before the offender is in the hands of the officers. Certainly it cannot be justified after a man has been convicted and the day of his execution fixed by the Governor.

A very sane and human sort of young woman is Miss Laura Engel, who lives in Kittaning, Pa., remarks The Savannah News. She is a dressmaker, and for years has earned her living with her needle. The other day she fell heir to a fortune of $170,000. And what did she do? Did she put aside the needle and quit dressmaking? She did, on the nail. Her first purchase was half a dozen fine frocks, half a dozen fine hats and an automobile. She says she won't sew another stitch as long as her money holds out.

Chicken experts in Kansas are viewing with alarm a strange retrogression of the Kansas "settin' hen," says The Kansas City Journal. It is said upon the authority of expert chicken men that after several generations incubator-hatched chickens lose the instinct to "set." No other theory is advanced for the reason why Mrs. Helpful refuses longer to perch herself upon a nice baker's dozen of choice eggs and warm them with outspread pinions until the miracle of nature is wrought again, save that the incubator has robbed her of the "setting" instinct. This is a rather gloomy outlook, although there is a faint silver lining. The good housewife won't have to spoil her nice barrel of rain water by dousing into it at regular intervals some hen that want's to "set" all the time.

GOVERNOR USES VETO.

A special to The Sun from Tallahassee says wielding his power as Chief Executive, Governor Albert W. Gilchrist prevents the Conway Advertisement Bill from becoming a law of our State. Receiving almost the unanimous expression of the Florida press against this measure, he embodies quotations from many in his message to the Secretary of State, which is given below:

"Hon. H. Clay Crawford, Secretary of State: Dear Sir—In pursuance of Section 28, Article 3 of the State Constitution, I have the honor to hand you herewith for filing the following bill passed by the Legislature of 1909, from which my approval is withheld for the reasons attached:

"'An Act regulating the publication in newspapers of articles, either as news matter or as editorials, for the publication of which money has been paid, and prescribing penalties for the violation thereof:

"'Be it enacted by the Legislature of the State of Florida:

"'Section 1. Whenever any newspaper or periodical published in this State shall contain any article, illustration, caricature or cartoon purporting to be news matter or editorial matter, but for the printing or publishing of which the editor of such newspaper or periodical, his agent or employee, or any one of them, have been paid or promised to be paid, the word 'Advertisement' shall be conspicuously printed just above such article, illustration, caricature or cartoon.'

"Section 2 embraces the penal clause.

"In Section 16 of Article 3 of the Constitution of the State of Florida, referring to legislative enactment, may be found the following: 'Which subject shall be briefly expressed in the title.'

"It will be observed that in the title it is intended for the bill to regulate 'The publication in newspapers of articles, either as news matter or as editorials, for the publication of which money has been paid.' It will be observed that in Section 1, in addition to article, reference is made to illustration, caricature or cartoon; but few people consider an illustration, caricature or cartoon either as editorial or news matter.

"It will be observed that the limitation as to who has been paid or promised to be paid for the publication of such, refers to the 'Editor of such newspaper or periodical, his agent or employee.' There is nothing in the bill to prevent the publisher or proprietor, who may not also be the editor, from receiving pay for articles written by the editor.

"It has been claimed that in a legal sense a paper or periodical is published wherever circulated. This would then apply to papers published in other States and circulated in this State, in which event it would be in conflict with the Interstate Commerce Laws. On the other hand, if it did not apply to papers published in other States, in the publication of patent medicines or other advertisements it would operate as a discrimination against the newspapers of this State.

"The Editors, Publishers and Proprietors of Many Newspapers in This State Have Requested Me to Disapprove This Bill, stating that a write-up of a town or county, or any private business affair for which pay is made, could not appear in a newspaper without being tagged with the word 'Advertisement.' 'Tacit insult to a most honorable profession.' 'Operate against the State's commercial and industrial development.' 'Interfere with private business in which the public is not interested, causing loss to the newspapers without a gain of any kind to anybody.' 'Insult and reflection on the integrity of every newspaper man in this State.' 'Work an injury on the papers of the State.' 'Infringement upon the constitutional rights and liberties of the press.' 'One full column of two-line readers will take one-half of another column of our space to put tag lines on. The advertiser will not pay for this and the State makes no provision for reimbursing us.' 'Unjust reflection upon all our newspapers, nearly all, if not quite all of which are edited and conducted by men of brains and honor, who have been and are one of the chief instrumentalities in advertising the moral interests of the State.' 'Insult to the newspapers of Florida, tacitly charging them with wholesale dishonesty.' 'Greatly decreasing their revenue from a legitimate source in the way of publishing descriptive articles and other matter which no one would desire to have published under the head of advertisement.' 'Drastic measure.' 'Exceedingly harmful to the newspaper interests.' 'Constant menace to the peace and welfare of the publishers.' 'The hardship will fall on the small papers throughout the country who can barely eke out an existence.' Many other quotations could be given. I know of but one newspaper man in all Florida who is not opposed to the measure.

(Signed) "Very Respectfully,

"ALBERT W. GILCHRIST,
"Governor."

The power of veto also fell across an act authorizing trustees of special tax school districts in any of the several counties of the State of Florida to issue bonds or other evidences of indebtedness to secure any outstanding indebtedness of said district and to secure any indebtedness incurred in purchase of any real estate or personal property for educational purposes and the erection of buildings and maintaining the same for such purposes, and to provide an election to authorize such issuing of bonds, which act the Chief Executive deemed unconstitutional. In his veto he said: "Examining Section 10 of Article 12 of the Constitution, it will be observed that the trustees are elected biennially and that biennially there is an election for the levy and collection of a district school tax.

"Section 6 of the bill provides 'No special tax school districts shall be abolished until any and all of such indebtedness shall be fully paid.' This is in derogation of the rights of the electors.

"Section 5 of the bill provides, 'If at such election, three-fifths of the votes cast shall be in favor of the proposition.' Said Section 10 of the Constitution provides that 'whenever a majority of the qualified electors thereof, etc.,' shall vote in favor of such levy. 'Three-fifths of the votes cast' is not necessarily a 'majority of the qualified electors thereof.'

"The passage of such bill as this would inadvertently result in loss to capitalists who would invest in such bonds and would deprive the electors of their constitutional rights."

WARNING TO YOUNG MEN.

The execution of a white man in Jacksonville Friday for the murder of his sister leads The Metropolis to offer a bit of excellent advice to young men. It says:

"Today Otis D. Smith, a young white man, paid the extreme penalty for crime by being hanged until dead in the jail in Jacksonville, and again the majesty of the law has been vindicated. This man, who possessed the qualifications of business and good citizenship, forfeited all through strong drink and lust. Had he turned his talents that God had bestowed upon him into proper channels he would now be alive and a bright member of society and respected by his fellows. 'The wages of sin is death,' and so demonstrated in this case. Smith chose a downward course, and it led to disgrace and ignominous death. He, instead of being the protector of the person and good name of his young sister, Cora Bell Smith, was her worst and most cruel enemy, and died with the stain of her life blood upon his soul. The demands of an outraged law have been satisfied and Smith hurled into eternity, where he must now answer for 'the deeds done in the body.' Let other young men beware of evil temptations and the commission of crime."

Mrs. Annis is going to get married again, she thinks. It has been less than a year since Capt. Hains shot and killed her husband, so she won't marry right away; but when the year is out—well, if the man she has in mind proposes, there will be a wedding. So far there has been no proposal and no engagement, and the lady is doing a turn in vaudeville in New York at something under a million a week. "But," she told a New York Sun reporter, "I am contemplating marriage." But she won't tell the name of the interesting man, because he hasn't yet asked her to marry him.—Savannah News.

A favorable crop report has been received for Texas by The Galveston News showing an unusually large acreage in all crops and that all are doing well. Cotton acreage in Texas is 102.7 and condition 94.2, as compared with last year.

MISS GUINN MAKES TREMENDOUS GAIN

MISS ENGLISH OF TACOMA ALSO HAS EXTRA LARGE VOTE.

Much Interest Manifested Since Contest Has Started on the Homeward Stretch.

Another big change in the Co-Operative Contest. This time Miss Gertrude Guinn jumps up to second place in the Northern and Western section, she having polled over 50,000 votes in the last count.

Miss Vida Barron, who holds fifth place, and who has on several occasions been up to the top of the list, is another of The Sun's ardent workers and secured a number of clubs for this paper. Her photograph is reproduced here in order that friends may see whom they are casting their ballots for.

Miss Vida Barron, Bell, Fla.

Remember that when you have secured subscribers to the number of ten, we will have a cut made from your photograph and reproduce it in the paper, besides we give a handsome bonus for a club.

Refer to the list of advertisers, work for them by having your friends trade with them and save the votes for you, for no matter in which position you stand at the close, you will receive a certificate which is worth its face value on a new piano.

Only a little less than ten weeks remain in which to win the capital prizes, and like Miss Guinn, the very bottom one will have the chance to advance to first place within that scope of time.

OTIS D. SMITH MEETS DEATH ON GALLOWS

MURDERER OF SISTER EXECUTED IN JACKSONVILLE.

Declared His Innocence, But Died With Words, "I Am Ready to Meet My God."

The following account of the hanging of Otis D. Smith, which occurred in Jacksonville Friday, is taken from The Metropolis:

"Maintaining his innocence to the very last and mounting the scaffold bravely, Otis Durrell Smith, 32 years old, was executed in the Duval county jail this morning, expiating upon the gallows the murder of his sister, Cora Belle Smith, whom the law says he shot and killed in a rooming house on West Adams street a little over a year ago.

"Shortly after 10 o'clock Smith was brought from his cell, where he has lived since the crime was committed, except for a few hours at the police headquarters after his arrest. With him were Rev. J. T. Boone, of the First Christian Church, and Rev. O. K. Cull, an evangelist from Lexington, Ky., now holding a revival meeting in this city. Besides these two gentlemen, acting as spiritual advisers, were several women, who have assisted the ministers. Singing "Jesus, Lover of My Soul," these persons, with the newspaper men, Sheriff Bowden and Deputies Frank and Ben Jones, Jailer Argo and the physicians required, were the only ones on the floor level of the gallows. Below were the members of the jury.

"As the straps were adjusted the singing was continued and Smith looked upward. During the time the straps were being fastened Rev. Mr. Boone offered a prayer for the repose of Smith's soul. At 10:06 Sheriff Bowden asked Smith if he had any statement to make. Looking about the small assembly, Smith spoke in a firm voice:

"'Now that you gentlemen are all here together I wish to state that it is not through bravery that I come out here upon this gallows, but by the help of Jesus Christ. I feel that I have a home in heaven and have no fear of dread to go.'

"Ready to Meet God."

"The cap was adjusted and the noose fitted upon his neck. Sheriff Bowden asked Smith if he was ready. Then, without faltering, Smith said in firm tones:

"'Yes, I am ready to meet my God.'

"As the last word left his lips, the trap was sprung and he shot downward into the room below. The execution was perfect, Smith's neck being broken by the fall, and although he was allowed to hang from time of the drop, 10:07, until 10:19, the physicians declared that death was instantaneous, only a faint heart beat continuing for a few minutes.

Talks to Reporters.

"Before he was taken to the gallows Smith talked with his spiritual advizers and engaged in prayer and a short religious service. He talked with the newspaper men in a calm voice, the main topic being upon religious subjects. He declared his innocence of the crime for which he died and handed Sheriff Bowden a letter, the publication of which was requested.

"Smith did not sleep last night, but spent the whole night in reading the Bible and prayer. He ate only a light breakfast.

Admonishes Others.

"Some of the statements made by Smith before his death were as follows:

"'All of us are under death sentence, and I would advise everybody to serve the Lord instead of the devil. * * * I have served the devil for twenty years, but I found more peace and happiness in serving the Lord even while behind these prison bars. * * * I am going before a Judge, who judges all alike and who knows all the evidence. * * * I hold nothing against any man and could shake hands with my worst enemy and wish him well.'

"These and many more statements he made along the same line, many of them being repeated in his written statement. This he prepared last week, saving the last few days of his life for prayer and meditation on the life to come.

ALACHUA WILL HAVE NEW LIGHTING SYSTEM

ACETYLENE GAS LIGHTS WILL BE PLACED OVER CITY.

Progressive, Hustling Town Is Fast Moving to the Front—Other Improvements Contemplated.

Alachua, the hustling little city in the northern part of the county, is fast coming to the front in enterprises. The latest to be installed is a new lighting system.

Arrangements are about completed whereby the city is to be lighted with a new acetylene gas system, furnishing lights not only to the streets but to the business houses and residences of the place.

The matter has been placed before the city council and they will very probably buy the machine and install it to be run for the city, or private individuals will place it in commission if a franchise can be secured from the city.

Besides this great improvement other and more extensive improvements are contemplated for the place by the coming fall, which is their busy season, as it has long been known as one of the leading cotton markets of Florida.

MELROSE MENTION.

Avocado Pears Successfully Grown at Earleton—Personal Notes.

MELROSE, June 12.—That Avocado pears can be raised successfully here was proved by two fine specimens received a few days ago by your correspondent. They were grown at Earleton, on the shores of Lake Santa Fe by Baron von Luttichau. The tree is fully 30 feet high and has fruited for several years. Another new fruit or vegetable is being grown by C. D. Miller of Melrose. It is called a vegetable lemon. He has also a fine stand of wonderberries, which are just setting fruit.

The list of delinquent town taxes for 1908 is posted at the post office. Are you there?

Very favorable news of the condition of Albert Goodson is given out, who is rapidly recovering from his sickness. The nurse will probably return to Jacksonville on Monday.

Livingston Arrests Negro Who Killed Another

After successfully evading the officers of the law for the past two years, Ben Wright, colored, was arrested Thursday and brought here by Deputy Sheriff Geo. W. Livingston. Wright is charged with the murder of another negro.

The killing occurred about two years ago, just after a wreck at Cadillac, and the weapon used was a 2x4 scantling, which broke the man's neck at the very first blow.

It seems that all parties had been working hard to clear the track and after it was in readiness the negroes went off to lay down and get some rest. The murdered man had made a bed of two cross-ties, when he was approached by Wright, who wanted his bed. By refusing to divide his rough sleeping place with Wright, he was knocked over the head with the stick, which broke his neck.

Realizing what he had done, Wright at once made his escape and has been in hiding ever since, but straying in these quarters recently Deputy Sheriff Livingston picked him up.

OWENS REMAINS INDIFFERENT IN THE JAIL

WANTS MEETING HELD IN PRISON FOR HIS BENEFIT.

Spends His Time Reading Bible and Laughing and Chatting With All Callers at Jail.

R. H. Owens, the white man now confined in the county jail and sentenced to be hung on July 9th, was seen by The Sun reporter on Saturday and asked if he had anything to say for the public.

He stated that he had religion, and that Rev. T. P. Hay of the Presbyterian church is helping him a great deal during this time for the benefit of his soul.

At the last appearance of the minister, he asked Mr. Hay to bring a number of people to the jail and have a meeting in the place, for he felt that this would greatly help him.

At times Owens talks very earnestly in his efforts toward seeking religion and one would judge that he is finding faith in his Maker, then at other times he is hard to understand.

During Friday afternoon he was with his wife, talking of the hanging, and both were laughing, hence it seems that neither of them can take the matter in a serious way.

Refuses to Shave.

Owens has stoutly refused to have himself shaved, claiming that he will let his beard grow to keep the rope from scratching his neck and such other foolishness, and people who visit his cannot work up much sympathy for the man.

He keeps his Bible, and when someone is not visiting at the jail, can very often during the day be found reading it with all the interest imaginable, and on the other hand will laugh and talk of the hanging in a half-hearted manner, which shows that he is either not capable of understanding his predicament, or else cares little for this life.

MARRIAGE AT ISLAND GROVE.

Miss Mary Simmons and Mr. M. B. Boulware Contracting Parties.

ISLAND GROVE, June 12.—An event of more than ordinary importance was the marriage of Miss Mary Simmons and Mr. M. B. Boulware on the evening of the 10th inst., in the Baptist church at Island Grove, Rev. J. N. Thompson officiating.

The popularity of the couple filled the church to overflowing with friends who came to proffer congratulations by their presence.

Precisely at 8 o'clock, the time appointed for the occasion, the bridal couple made their appearance at the church and wended their way down the long aisle to the music of the wedding march rendered by Mrs. G. B. Crosby. After this the ceremony was performed in a solemn and impressive manner by the pastor of the church.

The bride was attired in a lovely gown of white mull elaborately trimmed with lace. She wore a sash of white satin ribbon, and gloves to match, her long white tulle veil being arranged with a lovely white wreath of roses. She carried in her arm a boquet of white flowers.

The groom wore a suit of grey and was looking his best.

Miss Simmons is the daughter of Mr. and Mrs. Joseph Simmons and is a popular young lady of Island Grove, and Mr. Boulware, who is also popular, is to be congratulated upon winning the affections of so worthy a lady. Their many friends rejoice with them that their life's vale is strewn with flowers fresh, and wish for them a long and happy life.

He had been ill only a short while and his numerous acquaintances will miss him, as he was quite a favorite among the younger element.

The funeral services were held from the residence Saturday morning, the interment being in Evergreen Cemetery, a large number of friends of the family following them to their last resting place.

VERDICT OF GUILTY IN DUNCAN JORDAN CASE

MURDER IN SECOND DEGREE WAS JURY'S DECISION.

Case of Lewis and Cronin Martin and George Powers Continued—The L. J. Knight Case.

From Friday's Daily Sun.

Circuit Court was called to order at 9 o'clock Thursday morning, Judge Wills presiding.

The jury in the case of Duncan Jordan, charged with the murder of Geo. L. Bryant, marshal of High Springs, which had been out since 9:50 o'clock Wednesday night, filed into the court room, when Clerk Wienges called the roll, each juror answering "here."

Judge Wills asked if they had agreed upon a verdict, whereupon W. M. Pepper arose, saying "We have," when he handed the clerk the document, which read:

"We, the jury, find the defendant guilty of murder in the second degree. So say we all.

"W. M. PEPPER, Foreman.

"June 10th, 1909."

Those who had been summoned on the special venire in this case were then discharged for the term.

The case of the State vs. Lewis Martin, Cronin Martin and George Powers, charged with rape, was continued until the third Monday in November.

The case of the State of Florida vs. L. J. Knight, trespass, was then called, and the following jury sworn: O. L. Feaster, O. A. Thigpin, J. L. Stokes, J. K. Feaster, J. F. Bradshaw, J. G. Beville.

The taking of evidence then began and had not been concluded when court adjourned late in the afternoon. Mr. Knight is charged with cutting a quantity of timber from land belonging to the Empire Lumber Company.

Col. C. L. Peek, G. H. May, M. Venable and J. W. McCann were called in the order named to testify for the State. A deed to the Empire Lumber Company covering the land in question was offered and filed as evidence, also a letter from defendant offering to purchase the property.

The State here rested temporarily, and Mr. Knight was sworn in his own behalf. D. D. Weeks and Wm. Thomas also testified in behalf of the defense.

In rebuttal the State placed upon the stand Abe Jones, Columbus Smith, Ed Harris and A. G. Hill, after which Solicitor Rivers announced that the State closed.

Defendant's counsel stated that they had other evidence to submit, and as it was late in the afternoon, court adjourned until 9 o'clock Friday morning.

Mr. Knight is represented by Attorneys Horatio Davis, Evans Haile and Byd L. Carter, the commonwealth by Solicitor Rivers.

Variety.

"I can't see why you don't like hotel life," said Mrs. Gramercy. "It relieves a woman of all her cares and gives her so much spare time. Now, honestly, don't you find that home cooking becomes rather monotonous?"

"Not at all," replied Mrs. Park. "Why, my dear, we have a new cook every few weeks."

CIRCUIT COURT HAS ADJOURNED FOR TERM

DUNCAN JORDAN SENTENCED TO LIFE IMPRISONMENT.

L. J. Knight Found Not Guilty in Trespass Case—Other Matters Before the Court.

From Saturday's Daily Sun:

Circuit Court was called to order at 9 o'clock Friday morning, Judge Jas. T. Wills presiding, with State's Attorney Rivers and other court officials in their respective positions.

The taking of evidence in the case of the State vs. L. J. Knight, who was charged with trespass upon the lands of the Empire Lumber Company, was resumed, the defendant and D. D. Weeks being recalled as witnesses.

Upon conclusion of their testimony, argument was made, Solicitor Rivers opening for the State. Attorneys Horatio Davis and Syd L. Carter then addressed the jury in behalf of their client, after which Solicitor Rivers delivered the closing remarks. Judge Wills then charged the jury, and after being out only a short time a verdict of not guilty was returned.

Court then took a recess until 2 o'clock.

Duncan Jordan Sentenced.

During the morning session, Duncan Jordan, who was charged with the murder of Geo. L. Bryant, marshal of High Springs, and in which case the jury returned a verdict of guilty of murder in the second degree, was sentenced to hard labor in the State prison for life.

Afternoon Session.

Upon reconvening of court in the afternoon the case of the State vs. Olithia Lismore, colored, grand larceny, was called, and the following jury sworn: J. K. Feaster, O. A. Thigpin, J. L. Stokes, W. S. Turner, O. L. Feaster, W. R. Smith.

Lismore was charged jointly with his wife, Rosa Lismore, with the theft of a quantity of clothing belonging to F. M. Prewitt and family, the goods having been stolen from the premises of Maria Stroman, in the Spring Hill section, last September. The woman entered a plea of guilty to petit larceny when she was arraigned on Tuesday, but her husband denied any knowledge of the theft.

Attorney W. W. Hampton, Jr., was appointed to defend Lismore, and was assisted by Attorney Christopher Matheson, the defendant stating to the court that he was not able to employ counsel.

Several witnesses were examined, after which argument was submitted and the jury retired, returning a verdict of guilty.

Judge Wills then sentenced Olithia Lismore to serve a term of twelve months in the county jail, and his wife, Rosa Lismore, to a term of six months in the county jail.

This completed the criminal docket and the court excused all jurors for the term.

Motion for New Trial.

Regarding motion for a new trial in the case of Mary J. Fielding et al vs. Sophia Thompson et al., the court denied the motion and defendants were granted sixty days in which to prepare and present bill of exceptions.

In the case of the Atlantic Coast Line Railroad Company vs. the Melton Lumber Company, replevin of a locomotive, in which a verdict was returned in favor of defendants, the plaintiffs were given fifteen days from date of judgement in which to submit argument on motion for new trial.

In the matter of the petition to require the clerk of the court to pay over to the trustee in bankruptcy funds paid into his keeping under an attachment sale of a stock of goods at Newberry in favor of Ridley-Williamson-Spain Company vs. E. S. Ingram & Company, the court granted request of petition.

Court then adjourned until the regular fall term in November.

Kelley-Davidson Case.

A change of venue having been granted in the case of J. M. Kelley and D. M. Davidson, charged with the murder of W. C. Sellars, special agent of the Atlantic Coast Line, at High Springs, a hearing in this case will begin at Palatka, Putnam county, on Monday, June 21st.

PART OF CLOTHES RECOVERED.

One of the Freight Hands of Seaboard Depot Buys Stolen Coat.

From Thursday's Daily Sun:

Part of the stolen goods from the pressing shop were located Wednesday, at the Seaboard depot, one of the hands having bought a coat from a strange darkey who stated that he was "short of funds" and wanted the money to get off to Jacksonville.

The bargain being a good one, he readily borrowed the money and paid for the coat, but later in the day reported the matter to the authorities and the owner of the shop at once identified it.

The negro from whom the coat was purchased left on the Seaboard train and it is supposed he went to Jacksonville.

S.S.S.

OLDEST AND BEST BLOOD PURIFIER

We have never claimed that S. S. S. was a medicine to work wonders, nor one that would cure every physical ailment or disorder. More than forty years ago it was placed on the market and recommended as a blood purifier, and today, after a long and successful career, and when its use has become almost universal, only the same honest claim is made for it—that it is a cure for those diseases and disorders arising from an impure or polluted blood. Time makes no mistakes, and the very best recommendation of S. S. S. is the fact that it has stood a long test and is now more generally used, and has the confidence of a greater number of people than any other blood medicine.

The blood is the most vital force of life; every organ, nerve, muscle, tissue and sinew of the body is dependent on it for nourishment and strength, and as it circulates through the system, pure and rich, it furnishes to these different members the healthful properties needed to preserve them and enable them to perform their various duties. So long as the blood remains free from infection we are apt to escape disease, but any impurity, humor or poison acts injuriously on the system and affects the general health.

Pustular eruptions, pimples, rashes, and the various skin affections, show that the blood is in a feverish condition as a result of some humor, or the presence of an irritating, fiery acid. Rheumatism comes from an excess of uric acid in the circulation, while Catarrh, Sores and Ulcers, Scrofula and Contagious Blood Poison, are all deep-seated blood disorders that will continue to grow worse as long as the cause remains. Bad blood may come from various causes, such as a sluggish condition of the system, imperfect bowel and kidney action, indigestion, etc., or the trouble may be inherited; but whatever the cause the blood must be purified before the body can be healthy.

Having used S. S. S. extensively I can testify to its merits as a blood purifier and tonic. It enriches, purifies and cleanses the blood of all impurities, and at the same time is a wonderful invigorator, tonic and system builder. It is also a fine remedy for Rheumatism. It is master of this very painful disease, and as a tonic to give appetite, strength to the nerves and build up the system it has no equal.

It is a very fine medicine indeed, and I have every confidence in it.

MRS. F. L. BAILEY.
702 Linden St., Clearfield, Pa.

S. S. S. is a natural blood purifier and tonic. It is made entirely of the harmless juices and extracts of roots, herbs and barks of recognized curative ability, and being free from all harmful minerals is an absolutely safe medicine for young or old. S. S. S. goes down into the circulation and removes any and every trace of impurity, humor or poison. It freshens and enriches the blood and cures promptly and permanently Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Skin Diseases, Contagious Blood Poison, and all other blood disorders. S. S. S. is the most reliable and at the same time a most pleasant acting medicine for those whose blood has become weak and who are suffering with Anaemia, Malaria or some other debilitating sickness.

A blood purifier is especially needed in the Spring to cleanse the circulation of the impurities which have accumulated during the shut-in life of Winter, and S. S. S. is the most reliable and certain of good results. Book on the blood and medical advice free. S. S. S. is for sale at all drug stores. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Poor Milk

Is often thought to be responsible for an infant's loss in weight or general poor health. The cause usually is that the child has worms. They get the nourishment of the food and the baby starves, actually starves. White's Cream Vermifuge expels the worms and nourishes the child, sure and safe. Price 25 cents. Sold by W. M. Johnson.

Caterpillars.

The green and yellow tints so frequently to be found in caterpillars are stated to be due to coloring matter derived from their food and passed through the blood of the spinners. By impregnating leaves with artificial colors the experimenters caused some species of caterpillars to produce silk of bright orange yellow and fine rose hues. By the aid of the spectroscope the presence and nature of colored pigments in the blood of the little creatures were established.—London Tatler.

A Suit of Ratskin.

A thrifty Welshman at one time exhibited himself publicly in England attired in a costume composed from top to bottom of ratskins, which he had spent three years and a half in collecting. The dress was made entirely by himself. It consisted of hat, neckerchief, coat, waistcoat, trousers, tippet, gaiters and shoes. The number of rats required to complete the suit was 570. Most curious of the garments was the tippet, composed entirely of rats' tails.
